

:: TEAK CLEANER

Description: Is a biodegradable concentrate that cleans effortlessly and keeps teak looking like new. Teak Cleaner restores the wood's natural color.

Application:

Suitable for cleaning teak furniture and other qualities of wood used in boat building. For stubborn stains, it is applied 2 to 3 times.

Delivery details:

Colour	transparent
Viscosity	not applicable approx.
Specific weight	1,03gr/cm ³
Shelf life	5 years
Consistency	liquid

Technical data:	depending on application
Consumption Shore	not applicable

Processing:

Shake well before use! The product is designed to be diluted: 1:10 for heavy pollution, 1:20 for light pollution.

Pour water over the surface to be treated and apply a layer of Teak Cleaner evenly over it with a brush or cloth, preferably in the direction of the grain. Leave this for a while settle in. In the meantime, keep the wood moist. Then rinse with plenty of water and let it dry thoroughly. In case of heavy contamination, you must repeat the treatment. For a long-lasting protection, it is best to treat the wood with the SL Clear Teak Oil.

Caution: Do not use on glass surfaces or mirrors.

Safety:

Always wear suitable gloves and protective clothing. If swallowed, seek medical advice immediately and show the label or container. Keep out of reach of children. Empty packaging belongs in the environmental box.

Always ensure a wet surface. Rinse thoroughly with water.

Cleaning agent for tools: water and soap .
