: : CREAKIT® ARTIFICIAL PORCELAIN REFILL

Description:
Refill for CREAKIT® Artificial Porcelain.

Application:
Plaster-like casting resin for indoor and outdoor applications, suitable for creating all kinds of artistic objects and decorative pieces. It can be used to cast your own statues or figurines. Artificial porcelain can also be cast in alginate or silicone rubber moulds, including homemade moulds. After curing, the material can be sanded and drilled. It can also be painted and coloured using felt-tip pens, pencils, acrylic paint and acrylic markers. Available in 500 g and 1 kg.
